

INDRANIL HAZRA

Full Stack Developer

+91 8436423150 [✉ indranilhazra7@gmail.com](mailto:indranilhazra7@gmail.com) [in LinkedIn](#) [Github](#)

Profile Summary

I possessed a solid foundation in both Front-End and Back-End technologies. Proficient in HTML, CSS, JavaScript and frameworks like React.js and Node.js.

Projects

Weather Application | [GitHub](#) | View | *React, Weather API* **August 2024**

- Developed a web application that allows user to find the weather of their desired cities.
- Display the current temperature, humidity, wind speed.
- Provides hourly, daily forecast, including temperature high and low and the weather condition.

Contact List | [GitHub](#) | View | *Node.js, Express.js, EJS, Bootstrap, MongoDB* **August 2024**

- Developed a system to manage contacts.
- Integrated with functionalities such as add, delete, and edit contact detail's.
- Integrated MongoDB to store and manage contacts efficiently.

Job Portal | [GitHub](#) | *Node.js, Express.js, EJS, Bootstrap, MongoDB* **September 2024**

- Designed and implemented a visually appealing Job Portal application with listing, applying, search and filter functionality.
- Developed a CRUD operation to creating, listing, updating, and deleting jobs.
- Implemented a well-organized folder structure for models, controllers, and routes, ensuring maintainability and scalability.
- Utilized MongoDB for database storage, incorporating Mongoose for seamless data interaction.

Quiz Game App | [GitHub](#) | View | *HTML, CSS, JavaScript* **July 2024**

- Designed and implemented a Quiz Game Application using HTML, CSS, JavaScript.
- The application has functionality like score, next question and negative marking.
- used JavaScript and CSS to make it dynamic.

Technical Skills

Programming Languages: C, C++, Python, Java, HTML/CSS, JavaScript

Databases: MongoDB, Firebase, MySQL

Developer Tools: VS Code, Eclipse

Libraries/Frameworks: Node.js, Express.js, React.js

Version Control: Git, GitHub

Additional Skills: DSA, OOPS

Soft Skills: Communication, Team Work, Problem Solving, Attention to detail

Experience

Acme Academy **February 2023 – April 2024**

Assistant Teacher

Kalna, West Bengal

- Provide assistance to students with their assignments, projects, and understanding of computer science concepts.
- Oversee computer labs, ensuring all equipment is maintained and functioning properly.
- Work with other teaching assistants and faculty to ensure smooth operation of computer science courses.

CodeSoft **August 2024 – September 2024**

Web Developer Intern

kolkata, West Bengal

- Developed **2 dynamic websites using JavaScript and Node.js**.
- Work with server-side programming (Node.js) to develop APIs and handle data processing.
- Identify and resolve issues that arise during the development process.

Education

The University of Burdwan (Percentage: 67.00) **2018 – 2020**

Masters in Computer Science

Burdwan, West Bengal

Trainings

Coding Ninjas **December 2022 – November 2023**

Full Stack Web Development

- **Java** | **DSA** | **Front-End** | **Back-End** | **React**

SUKHENDU BANERJEE

Durgapur, West Bengal, India

☎ 8617854573 ✉ sukhendu.banerjee2000@gmail.com  [sukhendubanerjee2000](https://www.linkedin.com/in/sukhendubanerjee2000)  [Sukhendu2000](https://github.com/Sukhendu2000) [Portfolio](#)

Education

Dr. B. C. Roy Engineering College

Bachelor of Computer Application (BCA)

Aug. 2017 – June 2020

Durgapur, West Bengal, India

Kanksa High School

Higher Secondary (Class XII)

2016 – 2017

West Bengal, India

Ajodhya High School

Secondary (Class X)

2014 – 2015

West Bengal, India

Experience

Freelancer

January 2023 – October 2023

- Worked in front end part as a freelancer
- Designed a responsive user interface for a seamless browsing experience.

Internship

June 2019 – July 2019

National Institute of Industrial Training

Kolkata, West Bengal

- Developed and deployment School Management System using **HTML, CSS, Bootstrap 5 JavaScript**.
- Ensured responsive design and optimized user interface for a seamless browsing experience.
- To control the communication, attendance, grades, and information about the students.

Projects

TODO APP | [GitHub](#) | [LIVE](#)

- Designed a user-friendly, mobile-responsive simple to-do list app with features like task management and editing.
- Technologies used : **HTML, CSS, JavaScript**

MEAL APP | [GitHub](#) | [LIVE](#)

- Designed and developed the Meal App that allows users to search for and discover new meals and recipes.
- The app also includes a feature to watch recipe videos on YouTube.
- Technologies used : **HTML, CSS, JavaScript, The Meal DB API**

Weather App | [GitHub](#) | [LIVE](#)

- A responsive Weather web app which automatically loads weather stats based on your location using real-time API.
- It uses OpenWeatherMap API to fetch Temperature, Weather.
- Technology used : **HTML, CSS, JavaScript, OpenWeatherMap, OpenCageData API**

Technical Skills

Languages : Java, JavaScript, Object Oriented Programmin

Frontend : html5, css3, Fetch API Tailwind CSS, Bootstrap

Libraries : React.js

Tools : VS Code, Eclipse, git, GitHub

Certificates

- **Data Structure in JAVA (01/2023 - 04/2023)**
View the Certificate: [Click Here](#)
- **Frontend web development with HTML, CSS, JavaScript (04/2023 - 06/2023)**
View the Certificate: [Click Here](#)

Achievements

- Contributed to Open Source Projects on GitHub.
- Participated in Codekaze - June'23 organized by Naukri in collaboration with Coding Ninjas.
- Participated in CodeCom coding Competition in 2019 organized by the Department of Computer and System Science, Viswa-Bharati, Santiniketan.
